

SAFE & TOGETHER™ MODEL

2023 NORTH AMERICAN CONFERENCE

Changing Systems Globally

SEPTEMBER 20-22, 2023
EMBASSY SUITES ALBUQUERQUE
ALBUQUERQUE, NEW MEXICO

Participating in the Annual Safe & Together Model Conference each year means:

- Becoming domestic violence-informed, where many systems have failed the families we serve.
- Joining the growing team of international practitioners making big system-wide changes.
- Implementing strategies that improve safety for adult and child survivors.
- Hearing directly from survivors themselves.

Returning to Safe & Together Institute's touchstone event means:

- Access to the newest material, like the Web-based Perpetrator Pattern Mapping Tool, Partnering with Survivors, enhancing perpetrator interventions and addressing worker safety.
- Hearing from a new set of inspirational workshops by practitioners reminding us why we started in our fields.
- Learning how local authorities and cities across North America have taken incredible initiative to become a model for domestic abuse-informed child protection systems.

A successful conference:

- Highlights the domestic abuse survivor's voice.
- Offers new insights to child-centered domestic violence-informed work.
- Sparks change in a participant's day-to-day practice.
- Facilitates a network of professionals from around the globe to connect and learn.
